

ITCHY SALT RHEUM

Sometimes Called Eczema—Removed by Hood's Sarsaparilla.

Salt rheum is one of the worst and unfortunately one of the most common of all diseases. How it reddens the skin, itches, oozes, dries and scales, and then does this all over again! Sometimes it covers the whole body with inflamed, burning patches and causes intense suffering.

Salt rheum comes from humors in the blood. This is why local applications do so little good. It will continue to exist, annoy, pain and perhaps agonize, until these humors have been removed.

Ask your druggist for Hood's Sarsaparilla. It goes to the source of the trouble. It cleanses the blood of the humors that cause salt rheum. It has given perfect satisfaction in thousands of cases. Get it today.

A PLAIN SERMON ON THE "DEVOTIONAL LIFE"

The attendance at the Christian church Sunday was greatly increased, no doubt on account of the absence from their pulpits of some of the pastors of the city. Rev. Smith brought one of the best messages that he has yet presented.

His texts were a series of studies of Psalms 104, 33-34; Philippians 4-8; Psalms 5-3; Romans 12, 12 and Thessalonians 17-18.

The preacher asked the question as to "What is devotion?" and then entered into the study of his subject. He said: "It is a sense of dependence upon an infinite God for mental and soul guidance. It is the exercise of this sense in communion with that God through his means of grace. It is seeking the fellowship of Jesus Christ, the Savior in word and in spirit. It is communion with the Holy Spirit, the agent of Jesus Christ and life's divine guide. It is the meditative mind, the prayerful spirit, the worshipping habit, the spiritual demeanor. The devotional life is the cultivated life in spiritual things. It is self-mastery. He that ruleth his own spirit is greater than he that taketh a city. Guard thy

heart with all diligence, for out of it are the issues of life."

"This is shown in Alexander the Great, who was the military power, and yet reached his own destruction at 33 years of age. The lack of self-mastery set the brilliant genius of Byron to the 'withered leaf' at 34 years of age.

"A good man's work lies mostly within doors. He is more taken up with his own soul than any other problem. And this is logical and practical, because no life can lead other lives until it has mastered itself.

"It is company with the divine. No one can be alone so long as he has God and his own heart to converse with, and something is wrong whenever you are afraid to be alone with God.

"The bible gives the picture of devotional lives in a rich galaxy. Look at Moses, Daniel, Paul and Jesus. All these had the mainspring of their great success laid in devotional practice.

"Devotion means to live and not just exist. Living is a higher and broader process than existing. Animals exist. Men may live. Not all, however, rise to this height of human possibility.

"The devotional life is the dynamo of all truly spiritual effort and achievement. Such lives are the loyal, steadfast, consistent pillars of all lines of religious effort.

"How is the devotional life attained? It is an attainment, none are born full grown to this greatest achievement. It only comes after trial and struggle. Jesus taught 'Enter into thy closet and shut the door, and thy father who heareth in secret shall reward thee openly.' This was his habit. But this calls for bible study. There is no field comparable to this.

"John Ruskin said: 'I was the one essential in all his education. Meditate on these things. Turn the words of God inward, then outward, to self, and then to the problems of the world, of folks and things, and all this must be attained by prayer, the most powerful help of all.'

The speaker clearly enforced this point by the experience of Prof. John B. Demott, the great brain specialist and popular lecturer.

Family worship, home devotion, which is a forgotten and neglected habit, is a powerful help to the attainment of the devotional life. The speaker here quoted from Burns, 'The Cottar's Saturday Night.'

Then, the prayer meeting is a great help. It may be that a true symptom of our church troubles comes in the fact that crowds will attend the social and the supper while the very few attend the prayer meeting. Who will be so hungry for the sensations of intellect and so fearfully negligent of the call of the heart?

"The devotional life is attained by steady church attendance. Neglect not the assembling of yourselves

your hat! That's why corn-millions have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" salves, gouge corns out with knives, slip them with scissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done, "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

together as the manner of some is.

"It is well for all men to take the great Gladstone as an example of never allowing the holy day to go by without attendance upon church worship.

"Young people have two ways open, frivolity and devotion. One leads to the faded, faded life. The other to beauty, strength and happiness. We need here a Christian Endeavor society. Each home has the way of social ideals or devotional plans. One will bring the dead lives and the other will prepare for God.

"By the way of the devotional life any church will attain evangelistic power, missionary increase and permanent strength. The devotional life is the way of personal strength, of sweet abiding peace and of virile endurance.

The largest attendance of the meetings was last night. The sermon was a plain but forceful message on "Sin, the Detective."

The speaker was fearless in his message to dying men. No man could say he was unwarned of the fact that "His sin will find him out."

The sermon tonight is a discussion of the "Conversion of the Ethiopian Nobleman." The service will begin promptly at 7:30 p. m.

On Tuesday evening the service will begin at 7:15 on account of the meeting to be addressed by Ex-Governor St. John of Kansas, and Hon. Eugene Chaffin of Arizona. This meeting will begin in the Christian church at 8:15 p. m. All are cordially invited to attend all these meetings.

THE UNION MISSION

To the citizens of Ardmore and the friends of the Union Mission:

Here we come with our monthly report. There have been 49 services held in the last month. There have been 59 professions of faith in Christ, both for the forgiveness of sins and the full cleansing of the soul. 42 pieces of clothing, 1 mattress, 2 quilts, 1 broom and 1 heating stove. Our financial expenses were \$47.90. We certainly appreciate the kind hands, willing hearts and well wishers to this grand work. Oh! I tell you, this is a most trying work, when we see so many needy ones whom we are not able to help on account of lack of means. A poor, unfortunate girl came to my door and told a very sad story about the needs of her father as he lies, possibly on his death bed, in hunger and in such need of just a change of clothing, and she has been asking for help on this line and had been turned away. Anyone who can help in this line, please call phone 991. It certainly grieves my soul for so many to call on me for such, and I have to throw up my hands in helplessness on account of means.

SUPT THE UNION MISSION.

Artist's Generosity.

While a draftsman in the coast survey from November, 1854, to February, 1855, Whistler, the artist, boarded at the northeast corner of E and Twelfth streets, Washington. He is remembered as being usually late for breakfast and always making sketches on the walls. To the remonstrating landlord he replied: "Now, now, never mind! I'll not charge you anything for the decorations."

Recognized Advantages.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child by all dealers.

Influence of Thought.

A single gentle rain makes the grass many shades greener. So our prospects brighten on the influx of better thoughts.—Thoreau.

Prompt Action Will Stop Your Cough.

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "it does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough," is one of many honest testimonials. 50c at your druggist.

Superfluous Information.

It is quite superfluous for a man to tell a woman he isn't worthy of her. If she thought he was, she wouldn't want him.

"Why does the tight-rope professor carry that large five-cent cigar in the corner of his mouth? Is it bravado?" "Not at all. He uses that to balance with."

A Strong Indorsement.

W. H. Holmes of the Decorah, Ia., Journal says, "I have been a sufferer from Piles and Hemorrhoids for years. I got no relief until my druggist recommended Meritol Pile Remedy. Before I had taken half the package the distress was gone and I have had no trouble since. I would not take a thousand dollars and be back in former condition." Price \$1.00. F. J. Neglected Kidney Trouble --Serious Sickness

A year and a half ago I was taken with a severe attack of Kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house, I decided to try it and felt much relieved. While taking the second bottle commenced to pass Gravel until I had passed in all at least a half dozen or more, and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,

H. W. SPINKS,

Camp Hill, Ala.

Personally appeared before me this 16th day of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.
